

WHAT IS THE LANDING ZONE, AND WHAT MAKES US DIFFERENT?

Let's first define what a Landing Zone is. It is a safe area in the field that is established by the brave men and women of our great military.

In honor of their Service, we created a non-profit who's MISSION is to REINFORCE those that need it most. Re-Imagine support that goes beyond monetary assistance and is focused more on rebuilding lives. That place is **The Landing Zone**, the perfect place to touch base!

People's experiences shape who they are with challenges we can't comprehend. That lack of understanding drives Veterans to isolate, elevating Suicide rates. Helping Veterans land and reintegrate into our community is our bulls-eye.

Here, you may interact with Veterans that are working and serving you (as best they can (or where they are)), but you may not realize simply by engaging with them you are actually helping them overcome their challenges

REINFORCEMENTS RE-IMAGINED:

EMPLOYMENT TRAINING

We provide transitional employment to Veterans with obstacles preventing them from work in a field of their choice.

FINANCIAL AID GRANTS

Provide basic support grants on a case by case basis or while participating and making progress in other programs.

COACHING

We provide peer to peer support, mentoring, team-building activities, and counseling on a broad range of issues (ie, legal, divorce, child care, criminal, housing, licensing, and dealing with government systems)

TRANSPORTATION ASSISTANCE

We provide loaner vehicle to Veterans for work and shopping needs. Vehicle repair and replacement assistance programs.

VETERAN ORGANIZATION SUPPORT

We have the only dedicated Veteran group meeting space in the county, and provide financial & in-kind support for local Veteran groups. We host special events to help raise awareness for Veteran issues like PTSD and suicide.

COMMUNITY SUPPORT

Veteran focused and yet we truly are a Community Center.

- Organize support groups and host life skills training events.
- Provide activities for youth and the disadvantaged.
- Host individual and business parties, team-building events and fundraising venue.
- We extend help to community members facing similar situations as Veterans on a resource available basis.

Like the men and women we support, we are quick to act when the situation arises and our goal is to make sure every Veteran knows they have a landing zone where they can safely drop in.
